The 140-room Cambria Suites...

WHAT IS IT?

A group of developers is building what it says will be an upscale hotel near Hartsfield-Jackson International Airport.

Choice Hotels International has contracted with CQ Capital Partners to build a Cambria Suites on Best Road. The hotel will have an indoor pool, a state-of-the-art fitness center, a restaurant and lounge. The guest rooms will be 25 percent larger than

standard hotel rooms and have CD/DVD players.

WHAT IMPACT WILL IT HAVE?

The developers believe the 140-room hotel will be a sophisticated stopping point for international travelers. "We are eager to open and meet the needs of Atlanta's travelers who want more from a hotel," said William Edmundson, Cambria's vice presi-

dent of brand management and strategy.

WHEN WILL IT BE DONE?

The hotel is scheduled to be built by late 2008.
